onto any colleagues who would be interested in attending, we will look forward to seeing you in November.

When - Wednesday 22 November 2018, 1.30 - 4.30pm.

Where – The Riverside Room, Riccall Regen Centre. Landing Ln, Riccall, YO19 6PW

Agenda- To be confirmed

The revised 2018 National Framework for NHS Continuing Healthcare and NHS-funded Nursing Care

The revised 2018 National Framework sets out the principles and processes of NHS Continuing Healthcare and NHS-funded Nursing Care. This guidance replaces the previous version of the National Framework, published in November 2012, and came into force on 1 October.

All those involved in the delivery of NHS Continuing Healthcare should become familiar with the whole National Framework, Practice Guidance, annexes and National Tools, and should align their practice accordingly. Available on NHSE website: [here](#).

The current National Framework (2012) remains in place as statutory guidance until 1 October 2018, and is underpinned by the NHS Commissioning Board and Clinical Commissioning Groups (Responsibilities and Standing Rules) Regulations 2012 as amended by The National Health Service Commissioning Board and Clinical Commissioning Groups (Responsibilities and Standing Rules) (Amendment) Regulations 2013).

What is changing from 1 October 2018?

In addition to the October 2018 revision of the [National Framework](#), there is also an update to the Practice Guidance and the annexes which accompany the Framework.

The [Checklist \(from Oct 2018\)](#), [Decision Support Tool \(from Oct 2018\)](#) and [Fast Track Pathway Tool \(from Oct 2018\)](#) have been updated, alongside some minor clarifications to the domain wordings and descriptors.

ACTION REQUIRED: The updated 2018 versions of the National Tools must be used from 1st October 2018 alongside the October 2018 (revised) National Framework.

Any previous versions of the forms (e.g. Fast Track Pathway Tool, Checklist) submitted to the CCG's NHS Continuing Healthcare team 1 October 2018

onwards unfortunately **CANNOT** be accepted. Forms will be returned and will have to be resubmitted on the latest versions of the National Tools.

Please inform all relevant members of staff so they are aware to align their practice accordingly and ensure the updated forms are used on your clinical record systems (e.g SystemOne/EMIS), where applicable.

Medicines &
Healthcare products
Regulatory Agency

Central Alerting System (CAS) Alerts

All homes are reminded of the importance of registering MHRA to receive CAS alerts. This is the national alert system to warn providers of safety alerts.

For information on how register please contact safetyalerts@mhra.gov.uk

Stop The Pressure Day: Pressure Heroes Competition

Homes are invited to get involved in the Pressure Heroes competition running 12 -16 November. This is your chance to raise awareness of the importance of preventing pressure damage. Let us know your plans and we would love to pay you a visit to see your activity. The most creative event will receive a prize!!

Please see a poster with more information and suggestion on activities attached.

To let us know what your home is planning, please contact:
h.degnan1@nhs.net

IDDSI- International Dysphagia Diet Standardisation Initiative

Heather Robinson from the Speech and Language Team at York Teaching Hospitals NHS Foundation Trust, updated the partners on the introduction of IDDSI. IDDSI

Humber, Coast and Vale Excellence Centre

Humber, Coast and Vale Excellence Centre website is now live. It has been developed with colleagues from across Humber, Coast and Vale and Skills for Care with the support of the National Skills Academy for Health.

The website can be accessed through this [link](#)

is a new international classification for foods and drinks for those with difficult swallowing, and will enter the adoption phase starting October 1. This means you will begin to see the new classification on packaging if you haven't already.

Action

For resources to help you and your staff understand and implement the changes, and to find out about the IDDSI app please visit their [website](#).

Web pages regarding the work we they progressing to grow our ACP and PA workforce will also be available very soon

The website will evolve with time as work progresses and in response to feedback, so should you have any feedback or wish to add, please do not hesitate to contact carly.mcintyre@hey.nhs.uk

Court, Riccall House, Mansion House, Tudor House, Carentan House, Kingfisher Place the latest homes to have completed the programme. Big congratulations to all of them.

lved in the programme contact h.degnan1@nhs.net or christopher.pomfrett@nhs.net

e further editions of the React to Red Newsletter and to find out more information, the we rough [this link](#).

Summary Care Records

Additional Information on Summary Care Records

Summary Care Records with Additional Information, also known as the 'enriched' or 'enhanced' SCR, provide more patient information to health and care staff, helping them treat your residents or the people you care for quickly and safely, and respect their choices.

Care Providers are asked to promote the following benefits to the people they care for of having their SCR-AI enabled:

- Empowers them to decide what information is shared
- Reduces the stress of having to remember or repeat key information
- Reduces the risk of adverse reactions as care professionals can view medication, allergies and adverse reactions

The attached consent form should be completed and returned to the GP practice where your resident/person you care for is registered

Capacity Tracker

Care Home Capacity Tracker Update

The Care Home Capacity Tracker is the new name for the Care Home Bed State Tool.

Following a feedback from users of the tool, the developers have now expanded the bed types available to select to include mental health nursing beds and mental health residential beds. If your home offers these services, please log in and update your information accordingly so brokerage and discharge teams using the tool can see you home when searching for mental health beds.

A reminder that we are requesting for homes where bed capacity has not changed to log in once a week and press save on "save these spare capacities button", this will show that capacity has been updated even though the figures have remained

the same. This will give assurance to care partners that your figures are up to date, and will remove the need for calls to check.

Action

To register go to <https://carehomes.necsu.nhs.uk/> or contact sam.varo@nhs.net and sarah.fiori@nhs.net

Free to attend: Values based recruitment and retention

When: Please find dates in attached poster

Where: The next session will take place in Leeds on 5 December, with further sessions arranged for Grimsby, Sheffield, Durham and The Tees Valley

What: These free, half day sessions are an introduction to values based recruitment and retention. It will cover what workplace values are, the benefits of establishing and how you can work with other to determine what these values are.

Action

Become a Cancer Char

It's easier than you think to make a d

Humber, Coast and Vale Cancer Champion Programme

Humber, Coast and Vale STP are hosting half session courses for anyone interested in becoming a cancer champion. These will last approximately 3 hours and are split into two sections; the first half is about the early signs and symptoms of a range of cancers and the second half is about how to be a champion. The aim is to raise awareness of the early signs and symptoms of cancer, promote the national screening programmes and early detection.

Please find a poster attached, and the final date below

Thursday 8 November, 13:00-16:00. Bar 1922, Bootham Crescent, York City Football Club

For more information please contact eryccg.cancerchampion@nhs.net

For any queries please contact: wdu@york.gov.uk

September Partners in
Care Lessons Learned

World Sepsis Day 2018

Bulletin

September's PiCLL bulletin is now available and attached. It contains the latest shared learning and best practice from across our homes.

Action

If you have any anonymous lessons learned or examples of best practice you would like to share with other homes, please get in touch with sarah.fiori@nhs.net

To mark world sepsis day, September's Partners in Care were shown a video discussing the symptoms that could identify an individual as having contracted sepsis.

If you were not at the meeting and could spare the time to watch, please find the video through this [link](#).

This bulletin is produced by NHS Vale of York Clinical Commissioning Group.

Do you have.....

- thoughts or comments to share?
- news that you would like to feature in the bulletin?
- items to be discussed at the next Partners in Care Meeting?

If so please contact sarah.fiori@nhs.net or sam.varo@nhs.net
