DATA SECURITY & PROTECTION TOOLKIT
NHS MAIL WORKSHOPS WEBINAR

WHAT IS IT ABOUT?

The DSPT webinars are designed to inform you about the Data Security and Protection Toolkit (DSPT); its advantages and how local care providers can benefit from it. It's for Care Home and Home Care Managers and Deputies, along with Data Champions in your organisation. It's a live demonstration, not a recording so you're able to ask questions during the webinar. Our team are there to support you!

WHICH WEBINAR?

Introductory full webinar – Approximately 1.5 hours long

- Webinar on DSPT and NHS Mail, including the benefits to your organisation & staff
- Live demo of the toolkit, including a run through of the 14 questions & example answers that will get you to Entry Level

Supplementary toolkit demo – Approximately 1.5 hours long

- Review of the 14 questions required for Entry Level
- Set up your organisation profile and roles
- Detailed examples of IAR (Information Asset Register) and ROPA (Record of Processing Activities)

WHEN ARE THEY TAKING PLACE?
