Useful information

Illustrated Guide to Quality Improvement

NHS East London Foundation Trust has produced a useful introductory guide to quality improvement, including how to initially identify a quality issue and how to engage a team in quality improvement.

To view the guide please follow this [link](#)

Motivational Interviewing Training

A series of opportunities to take part in motivational interviewing training is available throughout Autumn 2019.

Motivational interviewing is a style of communication with patients designed to be reflective and guiding in nature.

For more information please follow this [link](#)

Sharing good practice, insight and feedback

YOR-Insight is a soft intelligence tool to provide anonymous insights and feedback about gaps, issues or good practice.

Sharing information provides an excellent opportunity for the CCG to facilitate the sharing of best practice and lessons learned. [Open the YOR-Insight web tool](#).
