

# APPRENTICESHIPS IN PRIMARY CARE

## TOP TIPS FOR EMPLOYERS

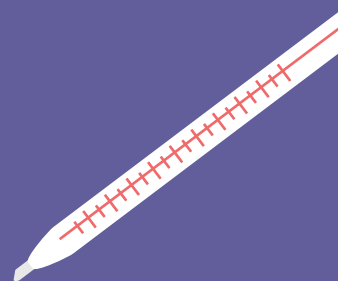

**1 IDENTIFY A GOOD, LOCAL TRAINING PROVIDER - EITHER THROUGH RECOMMENDATIONS OR SEARCHING ONLINE.**

**2 HAVING INTERVIEWED AND SELECTED A NEW APPRENTICE - CONSIDER A ONE WEEK WORK TRIAL (PRIOR TO STARTING THE ROLE) SO THAT THEY CAN SEE WHETHER IT IS FOR THEM.**

**3 FOR A NEW APPRENTICE, YOU COULD CONSIDER A SLIDING SCALE SALARY WHERE THEIR PAY IS INCREASED ON ACHIEVEMENT OF CERTAIN GOALS.**

**4 CONSIDER A YOUNG APPRENTICE TO TACKLE AN AGEING WORKFORCE.**

**5 PROVIDE A WORK BUDDY TO HELP THE APPRENTICE WITH DIRECTION, QUESTIONS AND SUPPORT.**

**6 ENCOURAGE EXISTING STAFF TO CONSIDER AN APPRENTICESHIP QUALIFICATION TO HELP WITH THEIR DEVELOPMENT AND CAREER PROGRESSION.**
