

Information on COVID-19 a Virus

Virus

There has been a lot of information in the news about a virus COVID-19.

A virus is a type of illness

There are now a number of people in the UK who have got this virus

What is the Virus?

It is like flu and people who are ill with the virus may have

- A cough
- A high temperature
- And find it harder to breathe normally

We want to help you and keep you safe.

- Family and friends may not be able to visit
- We may ask you to stay in your room
- You will see staff wearing personal protective equipment.
- The special clothing helps to keep you and me safe from the virus.

- I know I can look a bit scary and funny in my apron, gloves and mask but it is still me. I am wearing this to keep you healthy
