Making a referral to York Drug and Alcohol Service:

To refer an adult to York Drug and Alcohol Service for either yourself, or on behalf of someone else, you are not required to fill out a form. It is possible to refer yourself in person or by contacting us on the above contact information.

Where referrals are made on behalf of another person, we will subsequently contact the individual directly to arrange an initial assessment appointment. This assessment is an opportunity to find out more about the individual's addiction and look towards putting a plan in place to address their substance misuse.

To refer a young person (under the age of 18) to our service, please see our Young Persons Referral Form.
