

Here to Support Your Virtual Education

TENA Product Training

We are all dealing with **Covid-19** and learning to cope to the changes in our daily life. This unprecedented situation affects the usual way we communicate with you and your team, but the **TENA** team would like to assure you that we are still here to provide the support we always do including delivering education to meet your needs.

Delivered by your Essity Account Contract Manager - education includes Product Training and assistance with Pad Assessment.

Delivered by a digital platform

Example of training:

<p>TENA Product training</p> <p>By June 2020</p> 		<p>The 'Technology'</p> <p>The main absorbent technology in the product is called SAP (Super Absorbing Polymers). These absorb and 'lock in' liquid. The more the SAP, the more urine it can hold. SAP can absorb 25ml per 1g</p> <p>SAP is interwoven into the Fluff Pulp. This is the white 'cotton like' substance in the pads. This can also absorb but it is only minimal compared to the SAP.</p> <p>Moderate to heavy incontinence products also have: A breathable back sheet - Confifoil Feet dry layer Wetness indicator.</p>  	<p>TENA Fix Premium</p> <p>Used in conjunction with the TENA Comfort range to create the two piece system</p> <p>Reusable pants, can be washed and dried up to 50x at 60°C.</p> <p>Can be tumble dried, but drying them near a radiator will preserve the products longer.</p> <p>Receive 5 pairs as directed by the continence service.</p> <p>Stretchy material (95% polyester & 4% elastan) with no side seams!</p> <p>Comfort and familiar to normal underwear.</p> <p>Area to write the persons name or room</p> 	<p>TENA Fix Premium</p> <p>Sizes available:</p> <ul style="list-style-type: none"> Small 50-70cm Medium 65-90cm Large 85-110cm Extra Large 100-150cm XXL 140-180cm 3XL 170-210cm
