Practice Nurse Engagement

What's in your Practice Nurse Engagement Bulletin?

This weekly bulletin provides details of training, guidance, access to past editions and lots more. There's also helpful information on the web pages dedicated to our practice nursing colleagues. [Please click here to bookmark these pages.](#)

Funded Support and Training for Primary Care Staff

The Humber Coast and Vale Primary Care Board are pleased to announce a programme of funded support aimed at Primary Care staff including practice nurses across Humber Coast and Vale. They will be hosting a Practice Nurse Live Webinar during December to enable you to understand from the providers a little more about the aims, objectives, target audience and time commitment required. To view the full summary of courses including dates and content, please view this [flyer](#). The courses and sessions covered are detailed below.

- Motivational Interviewing for all Primary Care Staff
- Clinical Supervision Training for Supervisors
- Managing Your World - A session written for Practice Nurses
- Nurse Leadership and Management in Primary Care
- New to Practice Nursing Leadership Development

- Time Management for all Health Care Professionals
- Hot Topics Nurse Course
- New to Practice Nursing Programme
- Nurse Assessor Programme
- Respiratory Training for Health Care Professionals

Opportunity to be Involved in Student Nurse Recruitment

This is a real opportunity to raise awareness of primary care nursing and be involved in the future generation of nurses. Please consider whether you could contribute to the recruitment events.

- The University of York is about to commence the next recruitment cycle for our 2021 pre-reg nursing and midwifery programme intakes, and need your help.
- We know from past experience that prospective students highly value the opportunity to speak with our practice partners during recruitment events.
- Can I ask you to pass on this email to any enthusiastic and passionate colleagues within your organisation who may be interested in working with us to interview the next generation of nurses and midwives?

All interviews will be conducted online this year and no prior experience is necessary - all practice partners will be buddied with an experienced member of academic staff.

Colleagues who are interested can fill in the Google form [here](#) to indicate their availability.
