

Meet our Frailty Care Coordinator

Montana is a frailty care coordinator having previously worked as a support worker and is passionate about helping people to live happier, healthier and more independent lives, inclusive of all needs and abilities.

“Montana has made a great difference in the holistic support of people living with frailty and contributed to personalised care plans that enable a better quality of life for these patients.”

- Dr Ruth Walker

Speak to your GP practice about this service

An appointment could help to:

-  Have a single point of contact to call should any issues arise
-  Ensure your care reflects your wishes
-  Gain local health and wellbeing support
-  Arrange vaccines and referrals to Age UK
