

# Learning Disabilities (LD) and Serious Mental Illness (SMI) Care Coordinator

**Lindsey is a Learning Disabilities and Serious Mental Illness Care Coordinator with a background in education, psychology and special educational needs. She is passionate about helping people to have a happy and full life. An appointment could help to:**

-  Support your health and wellbeing
-  Create a personalised care and support approach with you and your family/carers
-  Ensure your health and social care is planned and organised around your needs and preferences

**“Having a dedicated care coordinator for learning disabilities and serious mental illness is helping to ensure coordination of both mental and physical health needs. Also vital annual health checks and linking to support available in the community”**

- Dr Ruth Walker
