Practice Nurse Engagement

What's in your Practice Nurse Engagement Bulletin?

This weekly bulletin provides details of training, guidance, access to past editions and lots more. There's also helpful information on the web pages dedicated to our practice nursing colleagues. Please click here to bookmark these pages.

CARE

**Connected, Authentic
Resilient & Empowered**

CARE Programme Introduction

Apologies for late notice- but we would really welcome any interested PCN / Practice Nurse leaders to join this webinar to understand more about the programme and to help them consider taking forward locally.

A nationally funded CARE programme has been awarded for Humber Coast and Vale. As CARE focuses on making connections, NHS England/Improvement have agreed to run the 2 programmes together so there are places for up to 50 aspiring PCN practice Nurse leaders and

another 12 places for existing leaders who want to drive transformational change across our 2 systems.

CARE, is an holistic approach to change that balances practical and personal development with whole system engagement to deliver sustainable population health improvement and workforce resilience by connecting health and care professionals with each other, their system and their communities. Please follow the YouTube link to hear some recent feedback: https://youtu.be/7gSzmZG5NRA

If you want to learn more about how to get involved, please come along to an engagement event on **Monday 18 January 2021** between **12.30** and **13.30** where you will be joined by national system leaders from NHSE/I and NAPC and local system leaders from BLMK: https://www.eventbrite.co.uk/e/care-ics-engagement-event-tickets-132506246751

The first CARE cohort will start on the 26 February 2021
