Practice Nurse Forum

When: Thursday 25 March 12.30-1.30

Shaun Macey (Acting Assistant Director of Primary Care) will be joining us to talk through progress being made regarding PCNs, new roles and future direction. We will take the time to discuss how Practice Nurses are involved in these developments. As we always want to do – this will be informal and aim to generate discussion and ideas regarding shaping the future.

This bulletin has been produced by NHS Vale of York Clinical Commissioning Group.
