## Practice Nurse Engagement

### What's in your Practice Nurse Engagement Bulletin?

This weekly bulletin provides details of training, guidance, access to past editions and lots more. There's also helpful information on the web pages dedicated to our practice nursing colleagues. [Please click here to bookmark these pages.](#)

### Free Core Supervision Training for General Practice Staff

Dear Registered and Non-Registered Clinical Staff in General Practice,

Health Education Primary Care School Yorkshire & the Humber recognises the value of clinical supervision and is leading an exciting project rolling out the core supervision model for multi professional teams across general practice. The journey begins in the Humber, Coast & Vale and I am inviting you to join me!

My offer is to deliver a Train the Trainer approach with a view to you then embedding the model in your workplace. Post training support will be made

available to support the sustainability of this project. Further information can be found through this [link](#).

If you are interested to know more **please complete the [survey](#) (takes approximately 2 minutes to complete)**. The survey closes on the **18 April**.

Thank you for helping me to support you.

Sarah Goode

Primary Care School Project Manager – Core Model of Supervision
