**Dear Tracey**

**RE: Service Specifications**

Dear Tracey

As you know there has been a great deal of hard work to review and sign-off on CSU service specifications. We are very close to full approval, with outstanding queries as per your Progress Review document of the 23<sup>rd</sup> September. Final items to resolve from a CSU perspective are the inclusion of Service Access Requests into a numbers of service specifications, and support for the CCG integrated governance system into the BI specification. We will work with you to fully sign-off with the executive team over the coming weeks, in order to confirm full sign off at your November Governing Body meeting.

Yours sincerely

**Catherine Dymond  
Commercial Director  
Yorkshire and Humber Commissioning Support Unit**
