This programme has been developed and will be delivered by Skills for Care

Target audience:

The programme is aimed at Registered Nurses working in a Social Care service. You will be in a leadership role such as head of care, team leader, care co-ordinator, registered manager or deputy manager with a clinical lead.

Programme overview:

This programme will support delegates to understand their leadership style and the impact this has through undertaking a 360 appraisal, delegates will be allocated an independent mentor to further develop their leadership and management skills.

The workshop sessions will be interactive with presentations, discussions and exercises that will support the development of knowledge.

Each session will include an Action Learning Set which will enable real time discussion and generate ideas and potential resolutions to issues.

Delegates will undertake a work based project to embed their learning.

The programme will cover:

The programme is delivered through 5 one day workshop sessions that will cover the skills and knowledge needed to work across complex, often challenging systems and will cover:

- working across professional, organisational and system boundaries
- developing and implementing new practice and service redesign projects
- using high-level negotiating and influencing skills
- leadership in contexts that are unfamiliar, complex and unpredictable.

Hear from those who run the programme, those who have been on it and what they thought about it.
