

Residential/Nursing Homes and Domiciliary Carers Bladder and Bowel Training Dates 2024 All sessions via MS Teams

This training will cover:
'promoting continence and managing incontinence'.

Session includes:

- updating carers in residential homes/nursing homes and domiciliary carers on the necessary skills to promote continence and manage incontinence within their work environment.

This training is aimed at non-registered staff from residential homes and nursing homes and all domiciliary carers.

These are the objectives of the session:-

- List the possible causes of incontinence;
- Know main functions of the healthy bladder and bowel;
- Understand the impact of incontinence on quality of life;
- Have an awareness of types of incontinence;
- Examine various management options;
- Look at how to care for a urinary catheter;
- Help within your work environment.

To make these sessions interactive, we have limited the amount of bookable spaces to 20 per session, and therefore there is a limit of 2 spaces available per care home/per care agency. We recommend and encourage 'train the trainer', so once this session has been attended, the attendee can update their colleagues with what has been discussed.

To book a place, please email clare.markwell@nhs.net, who will send you the Teams meeting invite.
