

Do you know what Naloxone is?

It is a lifesaving tool to reverse an opiate overdose. It can give vital time until medical help arrives if a person has overdosed

**SAVE A LIFE
CARRY NALOXONE**

York Naloxone Knights can train you in how to administer Naloxone in an emergency situation

It only takes a couple of minutes to answer a few questions and fill out a simple form and take part in a in-person demonstration

Naloxone Knights are a peer to peer group. Working in partnership with Public Health York, York In Recovery CIC & Changing Lives Charity

We can provide a short training session in your workplace, community space or event
