4. Actions / Recommendations The Governing Body are asked to receive and note exceptions.											
5. Engagement with groups or committees None relevant for this report											
6. Impact on Primary Care Quality and performance metrics for primary care are in development so not included in the report. Performance of other partners may directly impact on patients in primary care particularly waiting times for treatment and diagnostics.											
7. Significant issues for consideration As per feedback from previous meetings, this report has a smaller focus on data and a greater focus on narrative. This report contains a mixture of validated and unvalidated information so it should be noted that unvalidated figures may change when validated and public data is published. A full Q1 data update based on public data only has been provided in a separate paper. This report will continue to evolve based on feedback therefore comments are welcomed.											
8. Implementation System Resilience work is ongoing with the Planned and Unplanned Care Working Groups.											
9. Monitoring The Governing Body receives this report each meeting.
