# The aim of the Olympics

Celebrate the importance  
of physical activity to  
health and wellbeing  
within our sector

Showcase creative and  
innovative activities, and  
share best practice  
between providers

Share resources and local  
opportunities to get  
moving

Highlight the role of  
personalised care and how  
we can tailor activity to  
the different abilities and  
wishes of residents in our  
settings

We would like to award the teams who  
placed in the top 5 in each event.

Well done to everyone.

# North Yorkshire Sport Visits

Kirkwood Hall

Rachael from North Yorkshire Sport visited Emmaus House, Kirkwood Hall and St Cecillas, where residents were shown the New Age Kurling and Boccia equipment.

Rachael enjoyed her visits, listening to residents talk about their experience with physical activity and why it is important to be active.

Rachael thanked everyone for their involvement during her visits and wishes everyone the best of luck in the competition.
